A MESSAGE FROM THE PREMIER

On behalf of the people and Province of Manitoba, I am pleased to extend greetings and congratulations to MTS Allstream on your 100th Anniversary.

Since coming on line in 1908, MTS has been the primary telecommunications carrier in our province, providing essential home phone services to thousands of Manitobans. In a province as vast as Manitoba, we have come to rely on the array of communication tools that continue to play a vital role in our lives, keeping families and businesses connected within our province and with others around the world. Over the last century, MTS Allstream has been able to provide outstanding, reliable service, while staying competitive with the communication industry's changing standards and technologies.

I commend MTS Allstream on your many accomplishments over the years as well as your contributions and service to the greater community. Once again, congratulations on this momentous occasion, and best wishes for continued success.
