

SAM KATZ
MAYOR • MAIRE

January 2008

As the Mayor of Winnipeg, it is my distinct honour to extend greetings to Manitoba Telecom Services' (MTS) on the occasion of your 100th anniversary.

MTS continues to exceed expectations, delivering outstanding financial performance to investors and exceptional value to customers in Winnipeg and beyond. In the past 100 years, MTS has transformed itself from a provincial telephone utility to a national communications provider, while remaining headquartered right here in Winnipeg.

As an individual whose background is rooted in business, I appreciate your service and dedication to doing business in our City. Your commitment and dedication to our community has been widely recognized and I want to commend you all on this momentous occasion.

Once again, on behalf of my colleagues on City Council, I would like to thank you for your passion and dedication to the betterment of our City of Opportunity, and wish you another 100 successful years.

Best Wishes,
